Planning for future generations ...

Since 1844, Harden Furniture has combined a dedication to craftsmanship with a responsible approach to the environment. By practicing responsible long-term forestry, Harden is able to maintain a healthy reserve of raw materials while supporting recreation, habitat and wildlife diversity. As a result of these efforts, Harden Furniture has become the first major furniture manufacturer to obtain both Sustainable Forestry Initiative® (SFI) certification and Silver Exemplary Status from the Sustainable Furniture Council.

At Harden, the environment is not a new issue. It's been part of our thinking for generations, and is part of the legacy that we leave future generations.

SUSTAINABLE FORESTRY INITIATIVE™

Participant in the American Forest & Paper Association's SFI® program
